Mrs. Sam H. McChesney

We, the 1964 VALHALLA staff, take this opportunity to pay tribute to Mrs. Sam H. McChesney, who through the years has contributed hours of instruction, kindness, understanding, and patience to the students she has taught. In a special way Mrs. "Mac" has played a unique part in helping an entire community learn to appreciate good music. During her years as band director she has watched a handful of interested students multiply. But it isn't just band size that has multiplied. Mrs. "Mac's" admirers have increased too. Her bands have won the respect not only of the laymen of the area but also of the judges throughout the country. How did Mrs. "Mac" acquire this respect? We who have been close to her know the secret. She has demanded much from her students, but she has demanded even more from herself. Together with Mr. "Mac," her late beloved Sam, she has left an indelible mark on the life of our community. As she retires, we wish her many more years of rewarding activities.

ALMA MATER

To Vikings bold we give our love,
Our dreams, our tributes true.
Through life's full course
our hearts will move
To bring you honor too.
So hail to thee, O noble school:
Stand firm and strong and right;
And may we ever look to thee
For strength, love, and purity.

ADMINISTRATION

Mr. W. D. Richmond is our capable Division Superintendent. For many years he served as Director of Instruction and has had great influence on the quality of education in the county. We look to him for guidance in producing an outstanding school system.

Mr. J. P. Horton, our principal, devotes much effort and time to making this a better school and to understanding the students. He holds a B.A. degree from Lincoln Memorial University and a M.S. degree from the University of Houston. He is always willing to serve the school and community.

Mr. Harley T. Stallard is the Director of Instruction of Wise County Schools. He is no stranger to the classroom, having had a variety of experiences ranging from teacher of a one room school to former principal of Powell Valley High School. In his new position he will have even more influence on education in the county.

Mrs. Patsy Arnold serves Powell Valley High School as the principal's efficient secretary.

SENIOR CLASS HISTORY

Now, as we stand on the threshold of a new beginning, it seems impossible that five years have passed since we first entered Powell Valley High School. We were so sure that we were the most important people in the world, because we were in high school.

With the aid of many upperclassmen, we soon learned our true stations. We were "pee-dabs" to the other students and "know-nothings" to the teachers. We learned that respect and friendship did not come automatically with high school, but had to be earned.

We were truly excited, because we were to be the first class to begin the eighth grade at Powell Valley. Each of us remembers with mixed feelings those first few days here. All the rooms looked exactly alike, right down to the cardboard boxes laughingly referred to as trash-cans. But fortunately we were not alone, for that first week everybody wandered into rooms searching for the right one.

One of the greatest thrills came with the beginning of football season. Now we had a team of our "own" for which to yell our hearts out. And yell, we did! If nobody else really appreciated us those first few months, the cheerleaders did for we gave them all our support. Throughout basketball, track, and baseball seasons, we gave our "all" to become part of Powell Valley.

The fall of 1960 opened our ninth grade, which passed amazingly fast. We were finally able to join clubs and begin really giving of ourselves to our school and community. Our boys began playing junior varsity football and basketball. They laid the foundations for their important roles in sports in the future.

The tenth grade marked a turning point in our lives. Here we began to realize that scholastic achievements are important. To bridge this transitional period, we were forced to become more serious in our studies. On the lighter side, our social schedule was filled with ball games and Key Club record hops on the week-ends.

In the eleventh grade, we began to make long-range plans and to try to find answers to several questions. What are my plans for the future? Am I going into college after graduation? Or will I get married after graduation?

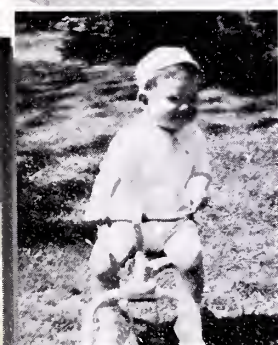

That year we sold magazine subscriptions to help pay for our Junior-Senior Prom. It was truly the best one ever given. We worked long hours making flowers and stars to decorate for our theme, "Al Di La." All our work was worth the effort, for the prom really crowned a wonderful year.

Now here we stand, remembering most vividly this past year with its rush, rush, rush. We kept saying, "I can't wait to leave." Yet, here we are with tear-stained cheeks, wishing we could begin all over. We want once more to experience the pride we felt as we took our seats in front of the auditorium for assemblies. We want to relive the excitement of planning for our Washington-New York trip during spring vacation. We want to walk down these halls once more and to laugh and talk with our friends. We want to feel that we are still a part of this school. But those days are gone. We must go forward.

Yes, this has been our most exciting year. And now, as we march down this aisle for the last time, we pause briefly to bid farewell to that security and happiness which dear old Powell Valley High has so generously given us.

In the future, we will be able to look back with pride at our accomplishments and say, "That was our moment of glory."

The bell rang as it always had to start a new year at Powell Valley High School; but this time as we filed into our classrooms, we were accompanied by the dignified feeling that we were JUNIORS.

This year we found a number of activities with a large number of juniors participating in clubs and organizations. By participating in these clubs, we became more mature in many ways. Sports, football and basketball, gave us an opportunity to perform or to observe.

We looked forward to the Junior-Senior Prom, which was held in May. All these activities will hold pleasant memories, but the climax of the junior year was the day when we received our report cards and became the proud seniors of Powell Valley High School.

We, as the 1963-64 sophomores of Powell Valley High School, have reached the halfway mark in our high school years.

Now as sophomores we have taken on more responsibilities. We have behind us our subfreshman and freshman years, which passed so quickly. We have yet ahead of us our junior and senior years with their many activities and opportunities.

Along the way we lost many students but gained many more. Those of us who have remained look to the future with determination and hope.

We wish to sincerely thank our understanding sponsors for their patience and guidance in helping us reach our highest goals.

This is the year that we as ninth graders take a greater responsibility in our school. We can now feel that we are a part of the school because we can join more clubs and participate in more school activities.

The freshman year is really a whole new phase of school life. It is a period of adjustment. In the eighth grade, we had no choice of subjects. We took the subjects that were required. Now we must become accustomed to the responsibility of planning our own courses.

We sincerely express our appreciation to our capable sponsors for helping us accept this responsibility.

We former students of Big Stone and East Stone elementary schools will never forget that exciting day of August 22, 1963. We took our first step in entering a completely different way of life. We were beginning our school career in a new and modern school.

We were very excited to have our own lockers for the first time. We enjoyed the feeling of dignity and importance as we hurried from one class to another. We cherished the study hall which enabled us to get our lessons for the next day or the one we had forgotten.

Most of all we were excited about the library. We could check out books, consult the card catalogue for books we could not find by ourselves, and look up important events for reports.

We looked to our teachers for wise leadership and understanding throughout the year.

Most of all we are looking forward to receiving our diplomas from Powell Valley High.

Few organizations at Powell Valley play as integral part in school life as does the VALHI. Each month, the staff focuses its attention on a special season, and scouts the news to carry out that theme.

This year, with an abundance of reporters and despite a shortage of typists, the VALHI was published eight times; and record sales were recorded.

In our modern world, it is becoming more and more necessary that one be able to express one's self in writing. Reporting for the VALHI gives one the opportunity to improve her expression, grammar, and technique, and also provides an outlet for talents along this line.

With the capable guidance and appreciable proofreading talents of Mrs. Whitt, Mrs. Tekel, and Miss Siphers, we have experienced a successful year.

The current edition of the Viking Band brought several honors and much happiness to students of Powell Valley High School this year. The Viking Band, under the capable direction of Mrs. S. H. McChesney and Mr. Roy Brummit, Jr., spent hours drilling in Bullitt Park in order to give its best performance.

The Band won another Division I rating at the Bristol Band Festival, attended an East Tennessee State University band day where they marched in a parade and performed at half-time, and Mrs. "Mac" and her band were featured in *BAND WAGON*, a nationally known music magazine.

Several members of the band attended All-District in Norton and All-State in Pulaski, Virginia. The finale to a great year was the annual Spring Concert which was held in May.

The Band wishes to thank Mrs. "Mac" for her help, which has made this year a very successful year and a wonderful musical experience for all of us.

The Library Club is unique not only in its membership standards, but also in its objectives. In order to join, one must not only have an 85 over-all average, but also exhibit a true interest in library science. Our by-word is service, and we do our best to help those looking for information.

Most students, often seeing library aids with their "date-due stamps" in hand, believe that this is all we have to do. One day with us would show how much work must be done "behind the scenes" to keep the library running smoothly.

Books must be checked out, renewed, matched with their cards, and shelved. Authors must be located; card catalogs, dictionaries, and periodical guides must be consulted. Magazines must be changed weekly and arranged daily. All these things we learn to do until they become almost second-nature to us. And just when we think we've learned all there is to know about our library, a student asks us a question for which we just can't find the answer.

We can always feel free to confront Miss Scott with just this type of problem. She is our sponsor, guide, and second mother. She takes the time to know each assistant individually, and we all appreciate her patient understanding quality here at Powell Valley.

"Stop! Hold on! Yes, it's that time again. The Speech Club is going to present its gay, rollicking comedy, 'Mama's Getting Married.' Come one. Come all. Prepare for 45 minutes of side splitting laughter."

Yes, this was our cry in January. We presented the play not once, but twice. The first time was for the student body and the second time for the P.T.A. During December we gave an assembly demonstrating the various speech skills we had acquired in only four months. In the spring our thoughts turned to serious things. A drama was in order.

When a student takes speech, he must be prepared for a year of hard work spiced, of course, with fun. Varying degrees of self-consciousness must be overcome. Each student learns the skills needed to speak, debate, and perform.

We wish to express our gratitude to our very capable instructor, Mrs. Grace Rose.

The Key Club of Powell Valley High School, a part of Key Club International, is a club sponsored by Kiwanis International. Its motives include developing initiative and leadership, providing experience in living and working together, promoting good will, preparing young men for useful citizenship, and serving the school and community. These motives help to develop traits and moral standards which will be used as guideposts in the future by all Key Clubbers.

During this year, some of our many Key Club projects and activities have included collecting and delivering food, toys, and clothing during the Christmas season for needy families, holding weekly record hops for our student body, selling programs and candy at home basketball games, directing traffic at District teacher's meeting, lining off the football field for our games at home, and helping Kiwanians for the Singing Convention.

The Key Club, a club for "key boys," with "we build" as its motto, has tried to be of a helpful service to the school and community. Our sponsor, the Kiwanis Club, has helped us very much. Special attention and a hearty thank you go out to our school sponsor, Mr. Rucker Skeen, and our Kiwanian sponsors, Mr. Charles Beverly and Mr. Arthur Whitt. Their guidance and supervision have helped us in making a successful year.

The Lonesome Pine Co-Ed Hi-Y Club, consisting of sixty-seven members, has tried to live up to its platform, "clean speech, clean sportsmanship, clean scholarship, and clean living." During this year we have put into practice our club purpose, "To create, maintain, and extend throughout the home, school, and community high standards of Christian character."

Along with attending the workshops and the district conference, we have had several projects, both in the community and school.

We would like to thank Mrs. Rose, our sponsor, for the guidance and interest which she has shown in our club.

The Bi-Phy-Chem Club, created two years ago, is continually promoting scientific ideas and interests among the members. The club consists of students who are interested in learning more about the vitally important role that science plays in our lives.

Through the arrangements of its sponsors, the Bi-Phy-Chem Club toured the Foote Mineral Plant. With their guidance we conducted the annual science fair, our major project, on February 28. We welcomed many visitors from the local area to see the many projects to which the science students had devoted so much time and effort in preparing.

We sincerely thank our sponsors and the many visitors who devoted their time in making this another informative year for the science students of Powell Valley High School.

This year the Roman Club's activities were thoroughly enjoyed by all. The program committee enlivened the monthly meetings with their excellent programs on Roman customs and traditions.

This year's initiation was delightful with the second-year students taking every opportunity to embarrass the first year class.

At Easter we were again privileged to help the Easter Seal Foundation with their fund-raising drive. In the spring we held our annual banquet "in true Roman tradition." The second year played the part of royalty, and the first year class did a wonderful job acting as "slaves." Following the "feast" we held a modern American party.

We wish to express our sincere appreciation to our sponsors, Miss Lora Dingus and Mrs. Grace Rose, who have been of invaluable assistance both in and out of the classroom.

The main objective of Spanish students is to master the mechanical process of speaking the Spanish language. In addition the students are acquiring a greater understanding of the Spanish literature and customs and, most of all, an appreciation of the Spanish contributions to our modern culture.

The members of the Spanish Club consider this year of studying Spanish a worth-while investment. Under the guidance of our sponsor, Mr. Wade Miller, we feel we have accomplished much in broadening our understanding of the language and countries who speak it.

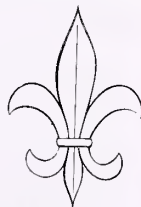

Members of Spanish class report for extra session with the record player.

The 4-H Club of Powell Valley High School was organized on November 13, 1963. It strives to live by its motto, "Make the best better." We pledge ourselves to the loyalty of our club, our community, and our country.

Our club projects for this year were planting small trees in the mining areas where all trees had been destroyed, presenting a program for the Powell Valley students, and initiating a litter bag sale in order to keep Virginia green.

1963 4-H award winners were Frank Edens, Randy Edens, Greg Sturgill, Jim Booher, Sandra Elkins, Becky Hart, and Regina Franklin.

Any student who is taking at least one business subject is eligible for membership in the Future Business Leaders of America Club.

The major purposes of our club are (a) to develop competent, aggressive business leadership, (b) to strengthen the confidence of young men and women in their work, (c) to create interest and understanding in the choice of a business occupation, and (d) to develop character, train for useful citizenship, and foster patriotism.

The three degrees of active membership are (1) assistant, (2) supervisor, and (3) leader. The twelve students with the highest averages in business were given Leader and Supervisor degrees. A student is promoted to Leader after serving one-year as Supervisor.

Our organization this year is included in the Chapter 1622 of The National Organization of Future Business Leaders of America.

We wish to express our gratitude to our capable sponsors for their help and guidance in preparing us for the business world.

The Vocational Office Training Club of Powell Valley High School is an organization dedicated to the understanding and practice of on-the-job office work. It is a full course of varied studies ranging from "transportation" and "filing" to various calculators, comptometers, posting, and other important machines in today's business world.

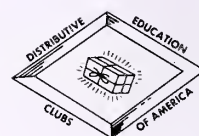

Students who take this course are permitted to work in a local office if they so desire. In working we learn the many aspects of actual full-time employment as well as how to work with other people.

These jobs provide more than spending money; they give the students practice in securing and holding jobs whenever and wherever they choose to work. Invaluable training and influence result from the thorough training which we undergo. Under the very capable sponsorship of Miss Siphers, we prepare ourselves for a future in the ever-expanding world of business.

Sutherland, Tate, Poole, Jones, Jenkins

The purpose of the Girls' Athletic Association is to help girls develop patterns of wholesome and effective behavior in the areas of human relations, use of leisure time, and the qualities which contribute to successful living. The recreational nature of the G.A.A. is basic to all other considerations.

In order to become a member, a girl must maintain a 90 average in her academic work and must display competence in physical education activities.

The activities of the Athletic Association are under the supervision of our talented sponsor, Mrs. Bollinger.

VARSITY CLUB

The 1963-64 Varsity Club consists of thirty-five members, who have earned a monogram in the major sports or have participated in sports as team managers and cheerleaders.

The reason for giving monograms is to promote better sportsmanship and understanding among all students and athletes. In order to receive a monogram a player must have participated in fifty per cent of the total games played. A team manager receives a letter at the end of a two-season playing period.

Membership in the Varsity Club is certainly a great honor for one to attain.

The Viking Story

On August 14 a group of boys, some familiar faces and a few new and eager ones, were introduced to their new head coach, Coach Garnett Gilliam. After a few introductory remarks, uniforms were issued in the usual manner, the date for the first practice was announced, and football season was under way. The boys were young, small, and inexperienced, but under the skillful instruction of our coaching staff, Coaches Gilliam, Maddux, and Campbell, we whittled the recruits into varsity, junior varsity, and "peanut" teams. Our record for the year turned out better than was predicted. All in all, the year proved to be eventful and educational for the '63 Vikings on the gridiron.

BASKETBALL

Varsity Coach: Mr. Cecil Maddux

J. V. Coach: Mr. Garnett Gilliam

As soon as football season closed, basketball practice opened. Under the leadership of Coach Maddux the Vikings finished the season with a 5-14 record. Yet, this record doesn't tell all the story. Exciting games with interested fans marked the season as a whole. Especially tense was the Clintwood game with the Vikings losing by one point.

On the Junior Varsity squad rests the hope of seasons to come. Hours of practice are required before any boy can play well and individual boys can operate smoothly as a team.
